OBJECTIVE

Currently seeking a full-time web development position.

EDUCATION

Expected May 2014 **Georgia Institute of Technology**
Bachelor of Science in Computer Science
Cumulative GPA: 3.94

EXPERIENCE

June 2013 - Sept. 2013 **SingleOps - Atlanta, GA**
Web Developer
Worked as an interim technical lead, fixing bugs and creating new features (Rails, AngularJS, MongoDB).
Laid out the groundwork for a cleaner rewrite.

April 2011 - present **WREK Atlanta, 91.1FM - Atlanta, GA**
IT Director, Webmaster
Developed a new site for GT's radio station (wrek.org).
Led an intranet rewrite in Ruby on Rails, emphasizing usability, modernization, and best practices.

May 2012 - August 2012 **Yahoo! Sports - Santa Monica, CA**
Front-end Engineer Intern
Collaborated with several teams to help build the London 2012 Olympics website in 3 months, which received several sponsorships and over 2 billion pageviews worldwide.

Sept. 2011 - present **Freelance Developer - Atlanta, GA**
Web Developer
Worked with various startups, providing front-end assets for MVPs and general webapp development.
Also created several personal portfolio sites.
